

# WARNING

## HIGH-POWER MAGNET

**HANDLE WITH EXTREME CARE!**

**Do not allow this magnet to become attracted to ferrous materials in an uncontrolled fashion!**

### NO PACEMAKERS

### NO METALLIC IMPLANTS

### NO NEUROSTIMULATORS

Persons with pacemakers, metallic implants or neurostimulators must not handle this material. Serious injury may result.

### NO LOOSE METAL OBJECTS

Do not store or handle magnets in proximity to iron, steel or other ferrous materials or items. Serious injury or property damage may result.

### CHOKING HAZARD

Small parts not suitable for children under 3 years.

### RISK OF DATA LOSS

Permanent magnet field may corrupt, degauss or destroy data stored in a magnetic state.

**RISK OF  
SEVERE  
PERSONAL  
INJURY**

**ALWAYS  
REFER TO THE  
ENCLOSED  
SAFETY  
INFORMATION  
SHEET PRIOR  
TO HANDLING**
